Ultrascreen (First trimester)	NTD LAB	84704, 84163, 82105; discounted rate \$85

*NIPTs for patients with Aetna insurance plans will be submitted under Sequenom's tax ID number as LabCorp is considered an out-of-network lab. Patients with all other accepted insurance plans are in-network with LabCorp, and NIPTs will thus be submitted under LabCorp's tax ID number. Please note we perform the same test, MaterniT 21 Plus, for all patients regardless of insurance.

Diagnostic Codes

- O28.5 Suspected Fetal Abnormality by screening test
- O28.3 Suspected Fetal Abnormality by ultrasound
- Z36 Routine genetic screening during pregnancy
- O09.519 Advanced Maternal Age, first pregnancy
